RECOMMENDATIONS

Implementation of the following recommendations and procedures may reduce potential liability exposures:

01: 6/1/2022: The swing set located in the back of Lions Kiddie Park needs fall protection material. The S-hooks should also be replaced.

The swing set located in the back of the park needs fall protection material. A lack of fall protection material increases the chance of injury to children falling from the equipment. It is suggested that energy absorbing surfacing material is placed under all playground equipment in accordance with the U.S. Consumer Product Safety Commission *Public Playground Safety Handbook*.

It is also suggested to update swing set chains and S-hooks, as-needed. The IPARKS swing grant reimburses up to \$350 in swing set replacement parts.

02: 6/1/2022: The merry-go-round at Old Smokey City Park needs repaired.

Merry-go-round platforms should not have any up and down (oscillatory) motion. It is suggested to repair the bearing.

03: 6/1/2022: A fire extinguisher should be added to the storage area of the Lions Club Pavilion, as well as updating the fire extinguisher in the maintenance storage garage.

It is suggested either adding or updating fire extinguishers in these buildings to help prevent a fire from spreading if one should occur.

04: 6/1/2022: Signage should be added to the new wheelchair swing at Kiddie Park stating that the swing should only be used for limited or varying abilities; instructions for the unit should also be posted.

DISCLAIMER

This report is not intended to identify every possible hazardous situation, risk deficiency, code/legal violation, potential area of liability or violation of safe practices and no party shall rely upon this report as being a comprehensive identifier of each and every potential liability situation or assurance of compliance with any applicable law.

It is suggested to post signage so that the unit is not utilized for unintended purposes. The manufacturer/supplier should also be contacted to provide instructions for use, and a sign should be posted.

05: 6/1/2022: Fill all the open holes in the electrical breaker panel located in the maintenance building with blanks.

It is suggested to fill all the open holes in the electrical breaker panel located with blanks. This will help prevent someone from accidentally receiving electrical shock

Subject: To our Park District Partners

To our Park District Partners:

The Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program, a part of the *American Rescue Plan (ARPA)*, delivered funds to Will County to support the response to and recovery from the COVID-19 public health emergency.

The County will be issuing an opportunity for funding, and we

invite you to attend one of the following information sessions.

Wednesday, July 13 at 10:30am OR
Thursday, July 14 at 3:30pm

This is a **required** first step to attend a 60-minute informational session to help Park District staff get oriented to the request process, understand compliance requirements, and eligible uses for the funds. These meetings are *in person* at the **Will County Board room – 302 N. Chicago St., Joliet 60432.**

Attendance is mandatory if you want to be considered for ARPA funding.

Anser Advisory is the ARPA consultant for Will County. You will receive more information about the program at the informational session and sent via email. You may also be contacted by Anna Sitton, from Anser Advisory, anna.sitton@anseradvisory.com. We look forward to sharing more information about the County's ARPA allocation plan and funding opportunities for Park Districts.
